

AKSHAR ENGINEERING SERVICES PVT. LTD.

TRUSTED INSPECTION FOR A SAFER TOMORROW

Third-Party Inspection (TPI) • Vendor Audits • QA/QC Surveillance • NDT Engineering

Akshar Engineering Services Pvt. Ltd. (formerly Akshar Consultancy Services) is an ISO/IEC 17020 Type-A accredited independent inspection and technical assurance organization. We protect capital investments and ensure statutory compliance for EPC mega-projects across oil & gas, refineries, petrochemicals, power plants, renewable energy, and heavy engineering infrastructure.

Headquarters & Dispatch Desk

Gujarat, India

1. Organization Profile & Core Charter

Akshar Engineering Services operates with unyielding commitment to impartiality, integrity, statutory safety, and engineering accuracy. Our certified surveyors and technical specialists verify equipment integrity at raw material mills, fabrication shops, and field construction sites.

Key Differentiators & Operational Highlights:

- **100% Impartiality:** Operates as an independent ISO/IEC 17020 Type-A inspection body with zero commercial bias.
- **Rapid 24-48h Mobilization:** Fast nationwide and international deployment across heavy fabrication corridors.
- **24-Hour Flash Reporting:** Daily inspection summaries with high-resolution photographic evidence dispatched within 24 hours.
- **Global Certifications:** Surveyors hold CSWIP 3.1, AWS CWI, ASNT Level II/III (UT, RT, MPI, DPT), NACE Level 2, and API 510/570/653 credentials.
- **Full Material Traceability:** Comprehensive heat-number mapping to EN 10204 Type 3.1 & 3.2 material test reports.

2. Corporate Vision & Quality Policy

Our Vision: To be the most trusted and recognized global technical inspection and project engineering partner, safeguarding critical industrial assets through uncompromising integrity and modern engineering best practices.

Zero Tolerance for Non-Conformance: We enforce zero-defect quality culture, ensuring statutory safety and complete compliance with ASME, API, AWS, ISO, EN, and IBR design standards.

3. Core Inspection Disciplines & Technical Scope

Discipline	Scope & Deliverables	Applicable Codes
Third Party Inspection (TPI)	Stage-wise shop and field surveillance, hold-point witness, ITP conformance, and Inspection Release Note (IRN) sign-off.	ISO 17020, ASME Sec VIII, AWS D1.1, IBR
Vendor Assessment & Audit	Shop capability audits, plant machinery evaluation, welder qualification logs, and QMS gap analysis.	ISO 9001, ISO 3834, API Q1/Q2
QA/QC & MRB Dossiers	End-to-end Manufacturing Record Book compilation, MTR cross-checks, and EN 10204 3.2 co-sign certification.	EN 10204 3.2, ASME Sec II, ISO 9001
Pre-Shipment Inspection (PDI)	100% visual/dimensional checks, export crating, preservation coating, and shipping mark verification.	HPE Guidelines, NACE SP0188
Welding Engineering & NDT	WPS/PQR qualification, welder test coupons, ASNT Level II/III volumetric UT/RT, and surface MPT/DPT testing.	ASME Sec IX, AWS D1.1, ISO 9712
Expediting & Sourcing	Procurement bottleneck audits, milestone verification, sub-vendor tracking, and overseas FAT surveillance.	CPM Schedules, Incoterms 2020
API Storage Tanks & Piping	API 650/653 tank erection, vacuum box testing, ASME B31.3 spool fit-up, torque witness, and hydro-testing.	API 650, API 653, ASME B31.3

4. Sectors We Serve & Industry Experience

Oil, Gas & Offshore Upstream skids, pipeline headers, manifolds, and subsea structures.	Refinery & Petrochemical Cracking towers, columns, reactors, and high-pressure exchangers.
Thermal & Nuclear Power Supercritical boilers, steam piping, HRSG modules, and turbines.	Renewable Energy Solar module testing, inverter skids, wind towers, and green hydrogen.
Civil Infrastructure Highway viaducts, metro rail frameworks, and heavy steel girders.	Heavy OEM Fabrication Mining equipment, overhead cranes, pressure vessels, and tanks.

5. Engage With Our Technical Dispatch Desk

Direct Inquiries & Surveyor Mobilization Phone: +91 8200441159 Email: info@aksharengineeringservices.com Website: www.aksharengineeringservices.com	Standard Response Turnaround Flash Reports: 24 Hours Mobilization: 24 to 48 Hours Pan-India RFQ / Proposal Response: Within 4 Hours
